CIS 343 Introductory Questions

Please answer the following questions. (Use a separate sheet of paper, if necessary.) Feel free to answer questions 15 – 18 anonymously.

1. Name:

2. By what name do you prefer to be called?

3. Hometown and High School (if different):

4. Expected graduation date:

5. Plans after graduation (job, grad school, bum, etc.):

6. Tell me something interesting about yourself. (This will help me remember your name.)

7. Do you currently have a job? If so, where and how many hours per week?

8. What other courses are you taking this semester?

9. When and with whom did you take CIS 241?

10. What programming languages do you know?

11. What testing frameworks do you know? (JUnit, RSpec, Cucumber, etc.)

12. List the top three (non-obvious) things I can do to help you succeed in this class.

13. List the top three (non-obvious) things that I could do to hinder your success in this class.

14. If you were required to do an independent research project, what would it be? (In other words, what area of Computer Science do you find especially fascinating?)

15. Which class at GVSU has been your favorite? Why?

16. Which class at GVSU did you like the least? Why?

17. Which class are you most looking forward to this semester? Why?

18. Which class are you dreading this semester? Why?
